FAQS

WHEN IS THE BEST TIME FOR A MATERNITY PHOTO SESSION?

This entirely depends on how big you want your bump to look, and how comfortable you feel. Most maternity sessions take place anywhere between 30-36 weeks gestation.

WHEN SHOULD I BOOK MY PHOTO SESSION?

I recommend not leaving booking to the last minute, so anytime after your 12 or 20 week scan is the perfect time to book for peace of mind.

WHAT SHOULD I BRING TO MY MATERNITY SESSION?

You have access to my Client Closet for FREE which includes a range of gowns, dresses bodysuits and drapey fabric. You can of course bring any outfits you would like to wear. I also recommend bringing a couple of pair of matching underwear.

WHAT IF I WANT PHOTOS OUTSIDE?

I love to get out of the studio every once in a while! Outdoor locations are only available if booking the Ultimate Maternity Experience. I also have a range of locations in the Kent/Sussex area I can recommend to use.

READY TO BOOK?

If I'm the one for you (*I really hope so*) then you can either get in touch via email or book yourself using my online booking system.

When booking you will need to choose which maternity photo session you want to experience - The Mini or The Ultimate.

You can book your discounted maternity session ONLY when booking a newborn session in the same 24 hours. If I do not receive your deposit for your newborn session in this timeframe, you will be required to pay the remaining balance.

I hope to hear from you soon!

Much love,

Hanna
